COME AND PLAY!

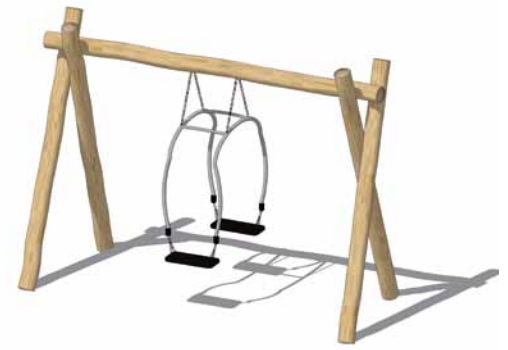

Children love being active and being free to discover their world through play. They love playgrounds and play systems where they can really let off steam and develop to the full.

This is where our Playline equipment comes in. At Kinderland we have a wide selection of wood and steel equipment that can be paired in almost limitless combinations. For spinning, sliding, swinging, climbing, balancing, and much, much more. The possibilities are almost endless. Also available internationally. Short delivery times. Just ask!

OE-04-0017-XXR und
OE-04-0020-XXR

Emsland cutter
08-6003-XXR

Fall protection

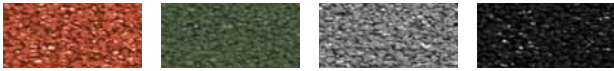

EUROFLEX®

Fall protection

EUROFLEX® SBR fall protection matting & edge/corner profiles

The shock-absorbing properties of EUROFLEX® fall protection matting provide the optimal combination of safety and suitability for daily use. They allow unhampered play day after day, regardless of the weather or temperature. EUROFLEX® fall protection matting is TÜV-tested in accordance with DIN EN 1177:2018. Edge and corner profiles ensure problem- and barrier-free movement and reduce the risk of tripping. It also allows access with wheelchairs and pushchairs.

Standard fall protection matting

Length/Width	500 x 500 mm / 500 x 250 mm 1,000 x 500 mm (only for 40, 50 mm thickness)
Colours	red/green/black/grey
Miscellaneous	comes with pre-assembled plug-in connecting pieces

max. fall height [m]	Thick-ness [mm]	Dimensions [mm]	Weight approx. [kg/pc.]
1.00	30	500 x 500	5.3
1.00	30	500 x 250	2.7
1.20	40	500 x 500	6.7
1.20	40	500 x 250	3.3
1.20	40	1,000 x 500	13.3
1.50	50	500 x 500	7.8
1.50	50	500 x 250	3.9
1.50	50	1,000 x 500	15.5
1.60	55	500 x 500	8.1
1.70	60	500 x 500	9.1
2.10	70	500 x 500	10.3
2.10	70	500 x 250	5.2
2.40	80	500 x 500	11.8
2.40	80	500 x 250	5.9
2.60	80	Soft system	9.3
3.00	90	Soft system	10.5

Edge and corner profiles (also comes EPDM coating)

Length/Width	edge/corner profiles: 1,000 x 250 mm
Height	30/10, 40/10, 50/20, 70/20, 80/20, 90/20
Colours	red/green/black/grey also available with EPDM top coating

Barrier-free

Thanks to our edge and corner profiles, all fall protection matting can be installed barrier-free.

Protect matting (for slide exits & swings)

Length/Width/Height	1,000 x 1,000 x 40 mm
Max. fall height	1.30 m
Colours	red/green/black/grey
Accessories	Three connectors/brackets are supplied free of charge with every mat.

Fall protection

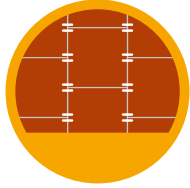

Proven quality

Certified in accordance with DIN ISO 9001, tested fall protection in accordance with DIN EN 1177:2018

Environmentally friendly production

High recycling rate

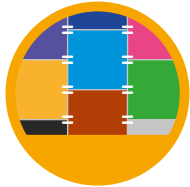

Pre-installed connecting pieces

for high dimensional stability and protection against slipping and coming loose; saves time when moving

High anti-slip safety

thanks to the granular surface; permeability to water prevents puddling

Lots of design options

Countless SBR and EPDM colours, multicoloured options, images, lettering, numbers

High resistance

to frost and weathering

Impact sound reduction

for a quieter environment in urban areas

High elasticity

for cushioning bumps/falls and a pleasant feeling underfoot

Complete traceability

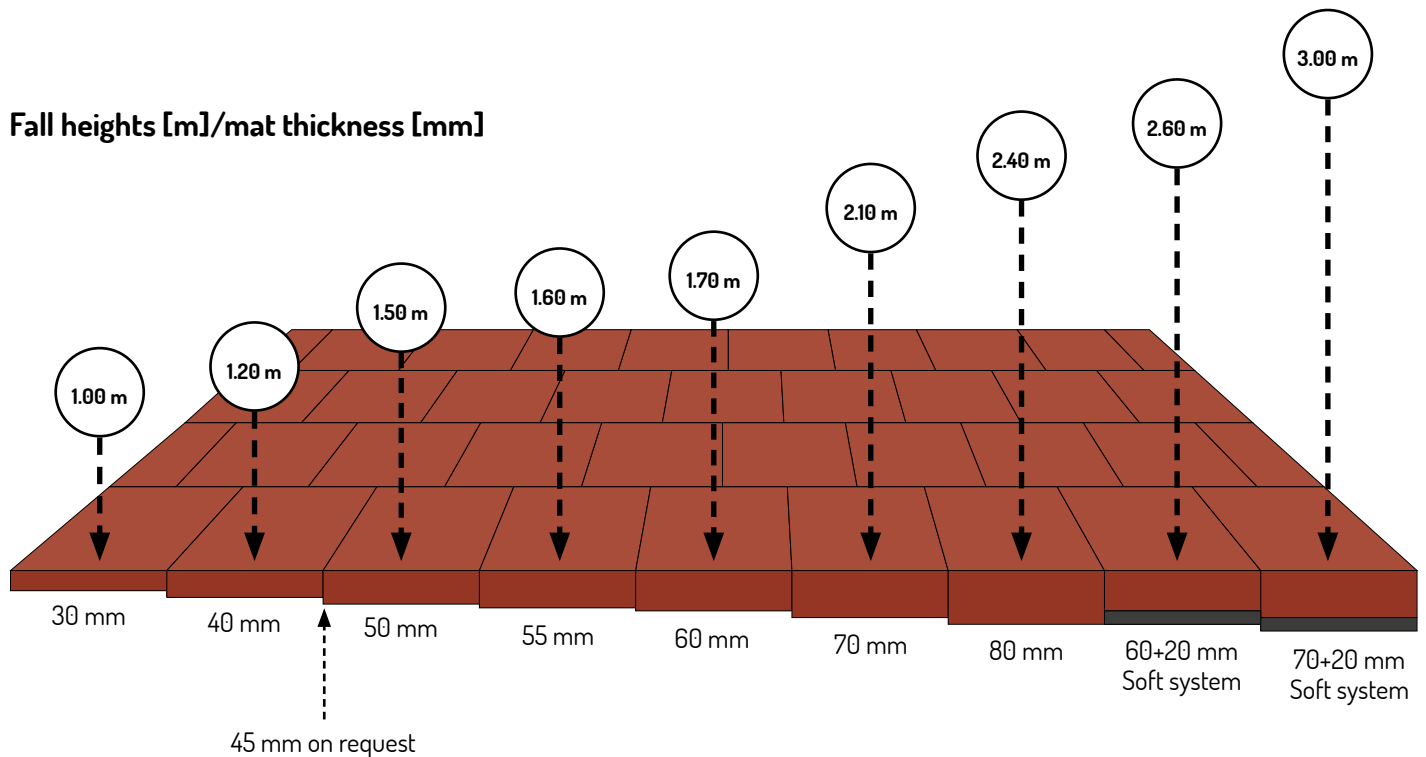

iright back to the raw materials with the production code on every mat

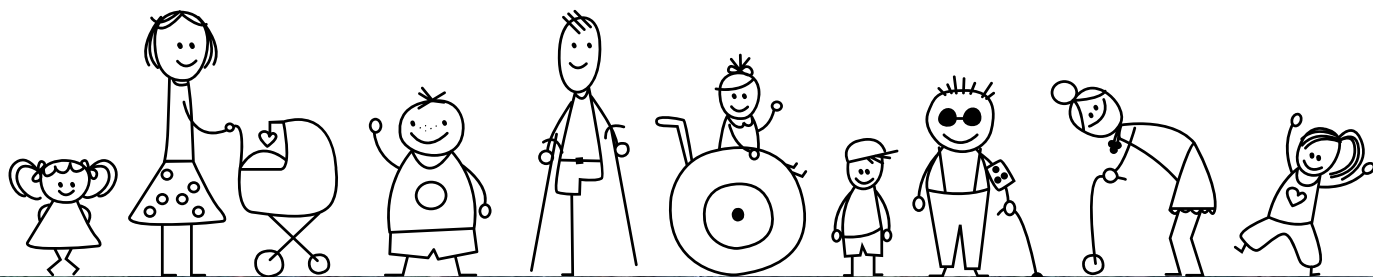

Comprehensive supplementary range

Spheres, hemispheres, cubes, diamonds, stepping stones, giant mushrooms, animals

Fall heights [m]/mat thickness [mm]
